Healthcare Flexible Savings Account (FSAHC)

A Healthcare FSA is a tax advantaged benefit. The plan allows you to set aside pretax funds up to \$3,400. Funds can be used to pay for out-of-pocket medical, dental, deductibles, copays, orthodontics, medical equipment and more.

You have from July 1, 2026-June 30,2027 to use your funds. You can submit out of pocket healthcare and or dependent care expenses incurred from July 1, 2026 through June 30, 2027 to Optum Bank for reimbursement through September 15, 2027.

To see a list of eligible expenses visit www.irs.gov (Publication 502)

Dependent Care FSA (FSADC)

A Dependent Care FSA is a tax advantaged benefit. The plan allows you to set aside pretax funds up to \$7,500. Funds can be used to pay for dependent care expenses such as daycare, preschool, or elder care.

You have from July 1, 2026-June 30, 2027 to use your funds. Remaining funds after plan year closes will be forfeited.

To see a list of eligible expenses visit www.irs.gov (Publication 503)

Health Savings Account (HSA)

When you enroll in the UHC HDHP, ESSC will automatically open an accompanying HSA account, which is a tax-deferred account for paying qualified health care expenses.

Unused funds roll over year to year. Unlike an FSA, there is no “use it or lose it” penalty. The HSA is a lot like a regular bank account, but the interest your HSA earns is tax-free. Put your HSA to work for you. You have the option to invest part of your funds and investment earnings are federal income tax free and state tax free, in some states. If you leave the company, you can take the HSA with you because the account belongs to you.

| | ESSC Contributions | ESSC Annual Contributions | 2026 HSA IRS Limit* |
|----------------------------------|--------------------|---------------------------|---------------------|
| Associate Only | \$38.46/paycheck | \$1,000 per year | \$4,400 |
| Associate + 1 or more dependents | \$76.92/paycheck | \$2,000 per year | \$8,750 |

* You can make additional \$1,000 annual contribution if you are age 55 or older.

Once enrolled, register for account access at www.optumbank.com

Eligibility: Offered to full time and ACA only

UnitedHealthcare Dental | Two Options

UnitedHealthcare Dental EPO

With the Dental EPO plan, you can visit any general dentist in the plan's network—no need to select a primary care dentist, though having one can be helpful.

- You'll have access to a large network of local dentists.
- Out-of-network care is not covered, so it's important to stay in network.
- There is no annual deductible.
- You pay set copays for non-preventive services, so costs are more predictable.
- There is no annual maximum, which means there's no yearly cap on covered dental benefits.

To locate an in-network provider under the Dental EPO plan, visit www.uhc.com/find-a-doctor
Network Name: National Exclusive Network Plan
Register for online access at www.myuhc.com

With the Dental PPO plan, you pay more out of each paycheck, but you'll have more flexibility when choosing a dentist.

- You can see both in-network and out-of-network providers.
- You'll generally pay less when you stay in network, so it's a good idea to choose an in-network dentist when possible.
- This plan includes an annual deductible.
- There is also a calendar-year maximum, which is the most the plan will pay each year.

To locate an in-network provider under the Dental PPO plan, visit www.uhc.com/find-a-doctor

Vision Plan

VSP is our vision plan. You and your family are covered for eye exams, lenses once every 12 months and frames once every 24 months.

If you use an in-network provider, you will pay a \$10 copay for exams and your plan will cover glasses (frames and lenses), or contact lenses. You may also be eligible for discounts on additional products or services you buy during the same visit or even later in the same year.

If you use an out-of-network provider, your plan may or may not cover the full cost of exam, and your glasses or contact lens allowance will vary by selection.

You will find a list of in-network providers at <https://www.vsp.com>.
Provider Network: VSP Choice.

Company Paid Insurance

Eligibility: Offered to full time only

Group Term Life & ADD

If you are the primary earner for your family, you want to make sure they're protected. If the worst were to happen, financial stress would add to an already difficult time.

That is why ESSC offers company paid Life and ADD coverage to full-time associates at two times your salary, up to \$500,000.*

*Benefits will reduce to 65% at age 65, reduce to 50% at age 70 and terminate at retirement.

Group Term Life Insurance

If your company paid life insurance is greater than \$50,000, the IRS requires that the fair market value of premium above \$50,000 be treated as taxable income. Taxable income will be shown on your paystub as "Group Term Life."

Long Term Disability

Only 48% of American adults have enough savings to cover three months of living expenses in the event they are not earning any income.

For these employees, even a minor illness can cause financial hardship and a serious health problem or injury could be financially devastating. Easterseals provides Long Term Disability (LTD) Insurance to full-time associates at no cost.

Full time associates are automatically enrolled into basic LTD coverage. LTD coverage usually begins where Short Term Disability coverage leaves off, providing benefits for covered illnesses or injuries that have longer recovery periods.

LTD pays benefits of 66.67% of your monthly earnings to a maximum benefit of \$15,000 a month. There is a 90-day waiting period that must be satisfied before you are eligible to receive the benefit.

Voluntary Term Life Insurance

Eligibility: Offered to full time, ACA and part time scheduled weekly hours of 20-29 in Workday

You have the option to buy extra coverage beyond what the company provides. Life Insurance can help your loved ones with financial obligations in the case of your death — from their daily expenses and mortgage to college tuition or retirement.

How Life Insurance works

You choose the amount of coverage that's right for you, and you keep coverage for a set period of time, or "term." If you die during that term, the money can help your family pay for basic living expenses, final arrangements, tuition and more.

| | |
|-----------------------|---|
| You: | Choose from \$10,000 to \$500,000 in \$10,000 increments, up to 5 times your earnings. If newly enrolled, you can enroll in \$100,000 in coverage with no medical underwriting. If you previously declined, medical underwriting required for all coverage amounts. |
| Your spouse: | Choose up to \$100,000 of coverage in \$5,000 increments. Spouse coverage cannot exceed 50% of coverage you purchased for yourself. If newly enrolled, you can enroll in \$25,000 in coverage with no medical underwriting. |
| Your children: | Get up to \$10,000 of coverage. One policy covers all your children until their 26th birthday. Max benefit for children from birth to six months. |

Cost of coverage: cost is dependent on benefit amount and age. When you enroll in Workday, you will see your biweekly rate.

Choosing Your Beneficiaries

Choosing who will receive your survivor benefits for Life insurance, AD&D, and 401(k) is an important decision. You're required to name your beneficiaries when you enroll. After your first enrollment, you should review your designated beneficiaries to confirm all information is current and up-to-date.

You may change beneficiaries at any time.

Accident Insurance

Eligibility: Offered to full time, ACA eligible and part time scheduled weekly hours of 20-29 in Workday.

Accidents can happen to anyone, at any time. Unum Accident Insurance can help you pay for expenses not covered by your medical insurance. It's a convenient benefit that can give you and your family a little extra peace of mind.

How Accident Insurance works

If you or covered family members are injured in a covered accident, Accident Insurance provides you a lump-sum amount to help take care of unexpected costs and protect your finances.

Here's how it works:

- A set amount is payable directly to you, based on the type of injury you or a covered family member has, the treatment needed and the coverage you elected.
- You can use the payment as you see fit — to help pay for doctor visits, ambulance fees, hospital bills and other out-of-pocket expenses your health insurance doesn't cover.
- To help promote a healthy lifestyle, plans may also pay a benefit when you get a covered health screening test.
- There are two options available to you. You can purchase a high or low option.

Please refer to the policy for complete definitions of covered conditions.

Hospital Indemnity Insurance

Eligibility: Offered to full time, ACA eligible and part time scheduled weekly hours of 20-29 in Workday.

It's no secret that hospital bills can set a family back financially. When you're admitted to a hospital, Hospital Insurance can help you cover the expenses that often follow, so you can focus on your recovery — not your finances.

Reduce the financial strain of a hospital stay

Even if you have medical insurance, a trip to the hospital can leave you with significant unexpected expenses, like co-payments, deductibles and other out-of-pocket costs.

Unum Hospital Insurance can help; by providing payments you can use to manage your expenses during a stressful time.

How Hospital Insurance works

An unexpected hospitalization can drain a family's savings. But Hospital Insurance can pay a lump sum directly to you to cover some of the expenses you're not prepared for.

Hospital Insurance pays a set amount for a hospital admission, as well as for other items covered by your plan, such as emergency room treatment and daily hospital confinement.

Two options available to you. You can purchase a high or low option.

Student Loan Counseling

Offered to all
associates

What is PSLF?

Public Service Loan Forgiveness (PSLF) is a program for individuals who work for ten years in the non-profit sector while making qualifying repayments. Upon meeting the ten-year criteria, participants become eligible for loan forgiveness.

When implemented properly, PSLF offers a valuable pathway for public service employees to manage student loan debt while enhancing employee retention. However, the program has been plagued by administrative complexities, leading to a high rate of denials and frustrations among participants.

Streamlining PSLF with PeopleJoy

PeopleJoy transforms PSLF support by offering customized plans tailored to each associate's unique needs.

Their streamlined process simplifies form completion, allowing easy addition of supporting documentation. Once the forms are completed, PeopleJoy takes charge by submitting them directly to the appropriate loan servicer.

ESSC has partnered with PeopleJoy to support the process. All associates are eligible to participate; however, there are qualifications to submit a loan forgiveness application such as being full time.

Visit <https://app.peoplejoy.com/essc/welcome?> to get started today using your work email address to complete the PeopleJoy loan assessment!
